Email Confirmation and Account Activation

General · https://coreel.ai/help/email-confirmation-and-account-activation/

This article explains how account confirmation works for new users.

Why Confirmation Is Required

Email confirmation verifies ownership of the address and protects account security.

Owner Trial Signup Activation

1. Complete trial signup form.
2. Check inbox for confirmation email.
3. Click **Confirm Email** button.
4. Return to login and sign in.

Until confirmed, login is blocked.

Invited User Activation

1. Open invitation email.
2. Click setup link.
3. Create password.
4. Log in to coReel.

Didn’t Receive Email?

- Check spam/junk/promotions
- Confirm you used the correct email address
- Wait 1–2 minutes and retry
- Request resend if available

Link Expired or Invalid

Request a fresh confirmation/invite email and use the newest link only.

Activation Success Check

You should be able to log in and see your expected role-based access after completion.
