My Emails Page Overview

My Emails · https://coreel.ai/help/my-emails-page-overview/

The **My Emails** page is where you prepare and send video-powered outreach.

What You Can Do

- Select recipients and subject lines
- Insert/share a chosen video
- Send through connected integration
- Use templates/workflows (if enabled)

Typical Flow

1. Open **My Emails**.
2. Choose sender/integration.
3. Select a video from your library.
4. Draft subject/body.
5. Insert snippet/link.
6. Send test, then send live.

Pre-Send Checklist

- At least one active integration connected
- Correct sender account selected
- Video preview/link tested
- CTA included

If Send Is Blocked

- Confirm active integration on /integration
- Reconnect provider if status is stale
- Verify account is active (not inactive/trial-expired)
