My Videos Page Overview

My Videos · https://coreel.ai/help/my-videos-page-overview/

The **My Videos** page is your video library. Use it to record, review, and reuse videos in outreach.

What You Can Do in My Videos

- Record a new video
- View existing videos
- Access share/snippet options
- Reuse videos in email workflows

Typical Workflow

1. Open **My Videos**.
2. Click **Record Video**.
3. Record and save.
4. Return to library and verify the new video appears.
5. Use the video in **My Emails** or extension insertion flow.

Organization Tips

- Name videos clearly (persona + purpose)
- Keep evergreen intros reusable
- Archive or replace outdated content regularly

If a Video Doesn’t Appear

- Refresh the page
- Check upload completion

- Reopen My Videos after a minute
- If still missing, review backend upload/processing logs
